No. 3849-C/40.

Station Camp, New Delhi, *Dated the* 19th January 1941.

From (Name) L.B.Green Esq., O.B.E.,
(Designation) Director of Industries and Commerce, Madras,

To The Secretary to the Government of Madras,
Development Department.

Sir,

The Fisheries School at Udayavar West in the South Kanara district was opened on the 15th July, 1940, in accordance with the sanction conveyed in G.O.No.Ms.556, Development, dated 6th March 1940. Both the Head-master of the School and the Inspector of Fisheries, Mangalore, urge the need for the supply of a boat at Government expense to facilitate the attendance of children from the other side of the river. It is reported that the number of children who are now attending the school from the other side of the river is 21 fisher children and one non-fisher child, and that 10 more fisher children are likely to attend the school if a boat is sanctioned.

2. In G.O.No.Ms.2192 Development dated 5th September 1939, the supply of a boat for the use of the Kodi Fisheries School was sanctioned. The Sub Assistant Director points out that since the river at Udayavar is a broad one, a bigger and somewhat more expensive boat is necessary. In the circumstances, I request that the sanction of Government may be accorded for the purchase of a suitable boat at a cost not exceeding Rs.50.

3. The expenditure involved in the proposal will be met from the provision under Fisheries Schools - Other charges in the budget for 1941-42 by effecting the purchase of the boat in April 1941.

Hf 1-2 Cf — Letter from the Dte no 3849 C/41 dg 29/1/41.

The Dte is requested to report whether the parents of fisher children living on the other side of the river do not own fishing boats and if they do whether it will not be possible for them to bring their children to the school and take them back home in such boats. The Dte is also requested to report the arrangements now in force for the transport of the children attending the school from the other side of the river and why the same arrangement cannot be continued.

Sir,

Ref: Government Memorandum No.2614-D/41-1 Development dated 30th January 1941. ↑ 3 above

---

As the fishermen of the place are very poor, very few of the parents of the fisher children own boats. Even in the case of the few fishermen who may own boats, it is not possible for them to bring their children to the school and take them back home in their boats as they go out for fishing early in the mor--ning.

2. It is reported that the Headmaster of the school has

arranged to hire a boat until April next for transporting the school children. Even this arrangement is not satis--factory as the boatman does not come in time and also the boat is an old one. It is reported that on account of these difficulties some of the children are not attending the school regularly. In the circumstances stated above the purchase of a boat for the school has been recommended.

Usually the elderly boys tow the boats or there will be men who will do this in return for being permitted to cross over. This is the practice in Malabar and S. Kanara

(They are like fish in the water and have no fear of getting drowned as all are good usually good swimmers)
